ULTIMA LCD UPS

Uninterruptible power supply

Introducing the NEW Sollatek Ultima LCD UPS

With its unique LCD screen, the new Sollatek Ultima range gives you more. The Ultima LCD UPS is more interactive allowing you to monitor its performance and get the best from your electrical equipment.

Power problems can threaten your business and affect productivity, performance and profitability. The busier and more complex your computer network, the greater the risk.

That is why it is essential to have an uninterruptible power supply (UPS) to protect your business.

With the potential price of a power failure, there is the added risk of commercial security compromising the safety of your systems.

The Ultima LCD UPS is safe and reliable and engineered by a name you can trust, Sollatek.
