

Voltshield™

THE GUARD RANGE

PROTECTS ALL YOUR APPLIANCES by disconnecting the mains power when the voltage level exceeds set parameters. They automatically reconnect your appliance again when power returns inside parameters for a pre-set period.

NotebookGuard
Protection for notebooks, laptops, and netbooks. Can also be used with any appliance.
Up to 2 Amps

TVGuard
Protection for appliances around the home including: LED, LCD, and Flat TV, DTH, DVD, Hi Fi, and media centres.
Up to 6 Amps

VoltGuard
Advanced mains over & under voltage for TV, video, Hi-fi, PABX, fax machines, fridges / domestic freezers and all electronic equipment.
Up to 7 Amps

HivoltGuard
Basic mains over voltage protection for TVs, laptops, computers and also mobile phone charging.
Up to 6 Amps

FridgeGuard
Protection for refrigeration appliances around the home including: fridges, freezers, and coolers.
Up to 6 Amps

LightningGuard
Ideal for protection of computer data, internet, modems, fax machines and telephones.
Up to 6 Amps
